Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Squecco always thought he was quite normal, just like everyone else in his life until the fateful day when eating his favourite food became dangerous. Who would have thought that eating blackberries, bracken and grass could be lethal? But they were. All the animals as far as Squecco could see, which was pretty far as he had rather large eyes, got sick. Even his favourite frog. Join Squecco as he bravely embarks on a journey to find a new home. Along the way he discovers he's a sensitive, shy and much to his surprise an apparently mythical creature. Together let's part the blackberries and meet Rabbit, Tippy, Matilda Magpie, the magical Mr. Corker and many others. Are you concerned about the amount of chemicals and toxins that are being used in our environment today? Do you wish your children judged others by their hearts and not their looks? Have you wanted to encourage them to care about our planet and all the inhabitants? Are they aware that every sad moment will be balanced by Universal energy to all place of happiness, harmony and awareness? If so, then this book is for them.
