

Get Doc**BRACT**

Alphascript Publishing. Taschenbuch. Book Condition: Neu. Neuware - In botany, a bract is a modified or specialized leaf, especially one associated with a reproductive structure such as a flower, inflorescence axis, or cone scale. Bracts are often different from foliage leaves, for example being smaller, larger, or of a different color or texture. Some bracts are brightly colored and serve the function of attracting pollinators, either in concert with or instead of the perianth. An excellent example of this latter...
