O'Reilly Media, Inc, USA, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. Macromedia's Flash 8 is the world's premier program for adding animation to websites. And with the latest version, this popular program becomes more versatile, letting beginning webmasters and expert developers alike create sophisticated web content. But Flash isn't intuitive. And it doesn't come with a manual. Whether you want to learn the basics or unleash the program's true power, *Flash 8: The Missing Manual* is the ideal instructor. This hands-on guide to today's hottest web design tool is aimed at non-developers, and it teaches you how to translate your ideas into great web content. It then teaches you how to publish your Flash creations for web surfers everywhere to enjoy. Along the way, the book shows you good design principles and helps you avoid elements that can distract or annoy an audience. Author Emily Vander Veer has more than a dozen books to her credit, including titles on web design and scripting - most written for non-technical readers. Her background makes her the perfect author for a straightforward book on a complex subject. Not only will *Flash 8: The Missing Manual* help you turn...
