When cash is given in payment for services or property which is regarded as an expense item, the account which is to show a record of this operating cost is debited and the Cash account credited; should an asset other than cash be given, the account which shows the value of the asset parted with is credited instead of the Cash account. EXPENSE ACCOUNT 32. The Purpose of this Account is to show the cost of operating the business, that is, its expenses. If all operating cost is debited to one account, the total cost of the business operations will be shown in this account. The debits and credits given below refer to...
