

## Labor Rising: The Past and Future of Working People in America

Filesize: 9.39 MB

### Reviews

*This book will never be easy to start on looking at but quite entertaining to read. It is actually packed with wisdom and knowledge. It is extremely difficult to leave it before concluding, once you begin to read the book.*

The New Press, United States, 2012. Paperback. Book Condition: New. 208 x 137 mm. Language: English . Brand New Book. When Wisconsin governor Scott Walker threatened the collective bargaining rights of the states public sector employees in early 2011, the massive protests that erupted in response put the labor movement back on the nations front pages. It was a fleeting reminder of a not-so-distant past when the labor question"and the power of organized laborwas part and parcel of a century-long struggle for justice and equality in America. Now, on the heels of the expansive Occupy Wall Street movement and midterm election outcomes that are encouraging for the labor movement, the lessons of history are a vital handhold for the thousands of activists and citizens everywhere who sense that something has gone terribly wrong. This pithy and accessible volume provides readers with an understanding of the history that is directly relevant to the economic and political crises working people face today, and points the way to a revitalized twenty-first-century labor movement. With original contributions from leading labor historians, social critics, and activists,Labor Rising makes crucial connections between the past and present, and then looks forward, asking how we might imagine a different future for all Americans.
